

## Application for Temporary Locations

### New Information

In compliance with legislation effective July 1, 2006, “Car Buyer’s Bill of Rights,” DMV’s policy regarding temporary branch locations has been modified to ensure that a vehicle buyer is provided with sufficient opportunity to return a vehicle to the selling dealer. This new policy only applies to licensed dealers selling used automobile and commercial vehicles as specified under the new law. Dealers selling recreational vehicles, motorcycles and off-road vehicle may continue to follow the existing policy.

### Application for Temporary Branch

#### Permits

Continue to follow the current procedure for obtaining a temporary branch location. Dealers must certify under penalty of perjury to the terms and conditions as specified on the application and permit. In compliance with the new legislation, dealers are required to:

- Display a sign with the names, address and telephone number of their established place of business. This information must also appear on the Contract Cancellation Option document.
- Display the buyer’s notice as required by Section 11709.2 of the Vehicle Code.
- Offer the minimum stipulated by the Car Buyer’s Bill of Rights. However, dealers may enhance the minimums required by the bill (e.g., increasing the mileage allowed, extending the time allotted for the return of the vehicle, etc.).
- Maintain the sales location, if a buyer has obtained a contract cancellation option, until the latest possible date and time a buyer may return the vehicle. This includes displaying signs and ensuring staff is available to accept the return of the vehicle.
